INTERGROUP MEETING  
September 30, 1990

Meeting opened by Inge I. Introductions around the room with 15 people present.

Chris presented a report on the Outreach 800 Project. He requested that we mailout a letter to Southern California groups for financial commitments to support this program. This would require no request for funds from World Services. It was moved and agreed to do so.

Inge will continue to visit and register meetings after her chairpersonship is over.

Cigna was notified of our name change and we sent a contribution to their volunteer group.

Minutes read and approved as corrected.

Carrie read treasurer's report. She stated that we need contributions from more meetings. Rodger asked why we are cashing checks from out of state. Carrie will check into it.

There was an overall plea for more contributions.

Phil suggested we have area coordinators who visit meetings and let them know about Intergroup.

Jack read the quarterly World Services Officers Meeting minutes.

Inge reported on Public Outreach. Tim is doing the outreach catalogue--he put it on IBM. Area coordinators are requested to bring or send their additions and corrections to Tim.

Meeting directory--coordinate with Paul M.

Mailings postponed until next month.

Elections were held but no candidates were put forth. Nominations will be taken again next month. Phil will chair the next meeting.

The next intergroup meeting is at 10:30 AM on October 28, at the Cigna Health Building, at 1711 West Temple St., sixth floor conference room, at the Glendale Avenue exit off the #101 Hollyonthood Freeway. Public outreach meeting begins at 9:30 AM.
