OUTREACH 800 PROJECT

I wish to thank the nine meeting groups who responded to the request for a show of interest in establishing an 800 number. However, this is not sufficient to support the expense involved.

In round numbers, the expense to get started would be about \$400.00, and the monthly expense would be about \$200.00.

If every group contributed \$5.00 a month (40 groups), we could easily have done this. But the interest isn't there.

So, the issue is tabled.

Thank you again.

Sincerely,

Chris L.
